Luna™

Embroidery and Sewing Machine

791 Built-In Stitches

With 791 built-in stitches, the sky is the limit. The Luna boasts 179 utility stitches and 612 decorative stitches, including 30 new decorative stitch patterns plus Stitch Tapering.

Laser Guideline Marker

This feature helps you accurately piece half-square triangles, achieve a variety of accurate seam allowances, and easily quilt fabric without having to mark in advance.

914 Built-In Embroidery Designs

You'll always have something to embroider with Luna's vast selection of built-in designs. Categories include Quilting, French Knot, Couching, 7 large decorative fonts, 23 standard fonts, Crochet Lace, 3-D Applique, and more.

Innovative Curve Sewing

Simply touch the Curve Sewing key to make it easier to sew curves. The presser foot pressure is automatically adjusted to suit your fabric and the tightness of the curve.

8" x 14" Embroidery Field

Embroider larger designs without having to re-hoop your fabric with the 8" x 14" (200mm x 360mm) hoop.

2-Point Positioning

Use the Needle Beam to preview the position of your embroidery design. For projects requiring placement or alignment, use the 2-point positioning function to automatically move and rotate your design into position.

Convenience Features

- 10" workspace to the right of the needle
- Sewing speed control
- Needle plate with scale in inches and millimeters
- Free arm
- Easy removal of metal needle plate
